Work- related Learning in the Dual System at Higher Educational level

11/02/2025 | 16.30 - 18.00 | ON LINE | ENGLISH

The aim of the seminar is to present and discuss work-related learning practices that strengthen the relationship between higher education and businesses (industry, production, public and private services).

Drawing from the experience gained in the dual system of German universities, insights will be offered for possible innovative pathways capable of integrating theoretical knowledge with practical applications in work contexts and integrating practical knowledge into university teaching.

16.30 - Opening

Giovanna Del Gobbo, UNIFI

16.40- The Dual System in Higher Education in Germany. The Cooperative University model in DHBW bridging Higher Education Towards Business

Dirk Saller, DHBW, Germany

17.00 - Q&A

Chair: **Francesca Torlone, UNIFI**

17.15 - The Needs of Skills from Business – Current Challenges and Future Plans for the Dual System

Dirk Saller, DHBW, Germany

17.40 - Q&A

Chair: **Francesca Torlone, UNIFI**

18.00- End of the thematic seminar
